

Sonex Clean Panels

Sonex Clean

- Washable, cleanable and durable.
- Sound absorption to reduce reverberation or echo
- Easy to install ceiling tiles, wall panels and baffles

Sonex Clean products are designed for environments that require noise control with durable, washable and cleanable materials. The baffles, panels, and ceiling tiles are ideal for use in a variety of applications, including bottling and food processing plants, and clean rooms.

Sonex Clean products meet USDA/FDA requirements. The products are fully encapsulated in FR taffeta vinyl for efficient cleaning and long, durable life. They offer excellent sound absorption to reduce reverberation or echo.

The Sonex Clean products are made from a willtec melamine foam core, which is ASTM E84 Class 1 fire-rated. Products are available in 17 standard vinyl colors.

Coefficients per ASTM C423-90a

	125Hz	250Hz	500Hz	1kHz	2kHz	4kHz	NRC
Wall Panels 2" thick Mounting Type A	0.18	0.75	1.21	0.82	0.40	0.25	0.80
Ceiling Tiles 2" thick Mounting Type E	0.57	0.67	0.91	0.90	0.43	0.19	0.75

Panel Size	Standard 24" x 24", 24" x 48"; Custom sizes available
Panel Thickness	2" thick
Fire Resistance	ASTM E 84 Class 1
Finish	FR taffeta vinyl in 17 standard colors.
Installation	Walls: Sonex Acoustic latex adhesive; adheres to wall paneling, wood, plywood, metal and concrete. Ceilings: Drop into any standard ceiling grid system. Baffles: Equipped with grommets, easily installed on ceiling-mounted cables or chains.
